TEACHING EXPERIENCE

- | | |
|-------------|---|
| Fall 2014 | Graduate Student Instructor for ECON 140 (Introduction to Econometrics) |
| Spring 2015 | Graduate Student Instructor for ECON 140 (Introduction to Econometrics) |
| Fall 2015 | Graduate Student Instructor for ECON 140 (Introduction to Econometrics) |

RESEARCH INTERESTS

My research interests focus on Applied Microeconomics, mainly in Labour Economics, Health Economics, and Development Economics. I am currently working on poverty and access to Health care in California. As far as Labour Economics is concerned, I have been focusing on workers benefits and gender issues in the European labour market. In Development Economics, I am particularly interested in health, consumption patterns, and self-control problems in developing countries.

LANGUAGES

Italian	Native
English	Fluent reading, writing and verbal
Spanish	Fluent reading, writing and verbal

COMPUTER SKILLS

Advanced STATA programming skills. Fair knowledge of SAS, Linux, and SPSS. ECDL (European Computer Driving Licence) certificate, 2007.

ACKNOWLEDGMENTS

"The Clan and the City: Sustaining Cooperation in China and Europe" by Avner Grief and Guido Tabellini.

"Economic Experts vs. Average Americans" by Paola Sapienza and Luigi Zingales.
